Receive a gift, enjoy activities, have your picture taken  
for our “Inspiration” photo display  
Meet and talk with other cancer survivors

The American Cancer Society defines survivorship as all those who choose to define themselves as survivors, from the time of their diagnosis and through the balance of life.

Please go to our website <http://relayforlife.org/windhamct> to register. Pre-registration will save you time at the event. If for any reason you are unable to access online registration but would like to register and participate, please call Nancy Austin 860-228-3395.

After you have signed up online (or if you have already), please call Nancy to RSVP your attendance at the reception by Oct. 12 so that we have a count for food.

*(While pre-registration is preferred, day of event Walk-ins are welcome)*
